**Subject:** 911 System NOT DOWN

Everyone,

On Thursday night (12/27/18 at 2350 hours) you may have received an alert stating 911 is down. I contacted 911 and verified that the system is operating for Whatcom County.

The citizens of Blaine are not affected by any communications breakdown of the 911 system. Police response times are not affected in any way.

On 12/28/18 at 0030 hours, I spoke with Greg Erickson, the Deputy Director of 911, and asked them to send out a follow-up alert stating our county was not affected. They are working on it, but the follow-up alert may be delayed. The state Emergency Operations Center sent out the alert. Mr. Erickson is working through bureaucratic channels.

Thank you,  
Chief Schubert
